

# EMPOWERING INNOVATION

IN DEFENSE & AEROSPACE since 1961

## WHO WE ARE

SCI Technology, Inc., a Sanmina company, is a leading provider of high-reliability products and services for the Defense & Aerospace sector. Our heritage dates back to 1961, when NASA engineer Olin King founded Space Craft, Inc. in the basement of his home in Huntsville, Alabama. Today, we're part of Sanmina, a global Fortune 500 technology leader with facilities strategically located in key regions throughout the world.

## WHAT WE DO

SCI designs, develops, manufactures and supports advanced ruggedized electronics for military and commercial aviation, ground tactical and other defense applications, as well as industrial and space-flight programs. SCI also provides services including network-centric communications solutions and post-delivery sustainment. Simply put, we deliver unsurpassed quality and support to the Defense & Aerospace sector.

### Aircraft Systems

More than 50 years of avionics expertise, plus state-of-the-art ICS solutions for military and other government agency platforms.

### Unified Voice Management

Full-scale tactical communications capabilities for TOCs, ground vehicles, marine platforms, UAVs and more.

### New Technology

Engineering services, prototyping and new product introduction for the emerging high-tech marketplace of the 21st century.

### Integrated Manufacturing

Vertically integrated manufacturing in our 685,000-square-foot facility, plus available end-to-end supply chain support.

### Depot & Test Services

Comprehensive product testing, repairs, returns, redesign, logistics and reverse engineering, all through a single point of contact.

## WHAT TO KNOW ABOUT SCI

**Company Name** SCI Technology, Inc.

**Founded** 1961

**President** Mike Underwood

**Parent Company** Sanmina

### Business Areas

Aircraft Communications

Aircraft Avionics

Unified Voice Management Systems

Secure Wireless Intercommunications

New Technology

Integrated Manufacturing

Depot & Test Services

Unmanned Aerial Systems

### Contact Information

13000 Memorial Pkwy SW

Huntsville, Alabama 35803

## WHAT WE BELIEVE

SCI Technology strives to make the world a safer, more secure place by providing best-in-class solutions to today's most complex technological challenges.

To accomplish this vision, we apply our core values of **SERVICE**, **COMMITMENT** and **INNOVATION** to all of our dealings with our customers, suppliers, fellow employees and neighbors.

### SERVICE

We serve our customers and country with honesty, integrity and respect. We strive to make a positive impact beyond the workplace by supporting our veterans, promoting education at every level and investing in our local community.

### COMMITMENT

We commit ourselves to doing the right thing both personally and corporately by constantly maintaining the highest moral and ethical standards. This commitment ensures quality and promotes an atmosphere of professional excellence.

### INNOVATION

We empower innovation by leveraging the full scope of our resources and the collective expertise of our workforce. We employ emerging technology and ingenuity in pursuit of enhancing security and sustaining our customers' missions.

## WHERE TO FIND OUR PRODUCTS

## WHY SCI?

With more than 55 years of experience in the Defense & Aerospace sector, SCI has developed a unique combination of resources and expertise that enable us to deliver superior products and services to every customer.

Here are just a few of the advantages SCI has to offer...

- 685,000-square-foot facility with potential to accommodate surge/upside
- End-to-end product life cycle support
- Design, development, manufacturing and support in a single U.S. location
- Full Depot & Test Services capabilities
- Focus on building relationships, from acquisition to final delivery and beyond
- Fully staffed, multi-disciplinary engineering organization
- Vertical Integration with Sanmina Corporation
- Strategic location in a technology hub and low-cost region

## SERVICE. COMMITMENT. INNOVATION.
